

Dougy Center Position Announcement

GRIEF SERVICES COORDINATOR

ABOUT DOUGY CENTER

Community. Connection. Acknowledgment.

The mission of Dougy Center is to provide grief support in a safe place where children, teens, young adults, and their families can share their experiences before and after a death. We provide support and training locally, nationally, and internationally to individuals and organizations seeking to assist children who are grieving.

The First Peer Grief Support Program for Children

Founded in 1982 in Portland, Oregon, Dougy Center started the first peer grief support groups for children and has become a world-renowned model for bereavement support for all ages, known as The Dougy Center Model. Dougy Center is named for its inspiration, Dougy Turno, a 13-year-old boy who came to Portland, Oregon to receive treatment for an inoperable brain tumor. [Read more](#)

Award-winning Workplace

Dougy Center has been recognized for many years as a “100 Best Nonprofit to Work for in Oregon” by *Oregon Business* magazine. *Oregon Business* named Dougy Center as a “100 Best Green Workspaces in Oregon.” Dougy Center is also one of *Portland Business Journal’s* “Most Admired Non-Profits.” With our mission in mind, we are committed to engaging in intentional dialogue to foster a community based on our organizational values of respect, integrity, stewardship, and excellence. We believe that every staff member brings a unique perspective and skills to our team and are actively searching for new people to bring new perspectives and ideas to the work we do.

THE OPPORTUNITY

As a full-time Grief Services Coordinator and part of the Program Team, you will be responsible for planning and running support groups for children, teens, young adults, adult caregivers, and volunteers. Additionally, you’ll collaborate with other program staff on planning and implementing innovative programming ideas, volunteer facilitator trainings, and collaborative projects with outside organizations. As a member of the Program Team, you will also provide direct phone support to individuals seeking support and resources before and after a death.

You will not have on-call responsibilities, and there is minimal clinical documentation (no progress notes!). Since you won’t be overseeing or engaging with individual work, there isn’t a high case load.

We will particularly appreciate your experience working with the specific populations the Dougy Center is looking to increase our support for: Black/African American and Latino/Latinx communities. We also will appreciate your approachability, passion for our work, and sense of humor.
